DESCRIPTION

Rock Creek Regional Park is a 1,510 acre park with a variety of recreational opportunities, located at Muncaster Mill and Avery roads in Rockville. This project funds the renovation of the sewer line serving the facilities between Avery Road and Lake Needwood. These facilities include the Lake Needwood boathouse and visitors center, and 3 restroom buildings. The existing on-site sewer system, built in the 1960s, has failed frequently in recent years, requiring some facilities to be placed on temporary septic systems.

The renovated sewer line will provide an economical and environmentally sensitive system. The approved plan replaces the existing system which runs through forest and along the Lake Needwood shoreline, with a new alignment away from the lake and along the park road. It also extends service to the Rock Creek Maintenance Facility which is currently on a septic system.

Design begins in FY10; construction in FY11-12.

JUSTIFICATION

Facility Plan for Restoration and Improvements to the On-Site Sewer Line Serving Rock Creek Regional Park, approved by the Montgomery County Planning Board, January, 2007.
