Energized Public Spaces: Functional Master Plan for Parks in Mixed Use and Higher Density Residential Areas

An innovative and creative countywide park plan for stronger, healthier and happier communities.

M-NCPCC Montgomery Parks is requesting feedback of the Montgomery Planning Board on on-going work including methodology, public outreach and schedule.

The functional plan main goal is to fill gaps in the public spaces system. These outdoor places will encourage people of all ages and incomes to meet, play, relax, exercise and enjoy nature and more, in a range of parks and open spaces in the County’s areas of highest population.

Additional information about the project, schedule and public input is on our website at www.MontgomeryParks.org. Follow the blue QuickLink for this project.
