2017 Park Recreation and Open Space (PROS) Plan

Planning Tomorrow’s Parks Today!

The public is invited to attend a public worksession as the Planning Board begins the final review of the 2017 PROS Plan.

Parks and open spaces are essential to the high quality of life for Montgomery County residents. In an era of increasing competition for limited land and resources for a growing population, this plan will provide priorities for park acquisition, renovation, development and preservation.

Copies of the Public Hearing Draft document, an Executive Summary, and additional information about the project, schedule and public input are available online at ParkPlanning.org.
