Upper Paint Branch Limited Area Trail Plan

The public is invited to attend a community meeting to provide input on a new natural surface trail plan for the Upper Paint Branch.

The focus of the new trail plan will be to provide public access while minimizing impacts to our natural and cultural resources. Existing informal trails will be examined and potential new connections to other trails, parks and community facilities such as schools and recreation centers will be explored.

At this meeting, park planners will ask where and how you enjoy the parklands and what bike and trail connections you need in the Upper Paint Branch area.

For more information about this plan visit ParkPlanning.org.
