Energized Public Space Functional Plan

There is one more opportunity to tell us what you think about the Energized Public Spaces Functional Master Plan at a second Planning Board Worksession. You are invited to review the Board memo including the Worksession #2 Draft Plan in advance of the meeting.

This innovative and creative countywide park plan is intended to create stronger, healthier and happier communities and allow park planners to quickly adapt to changing open space needs in the most populated areas of the county.

The Planning Board public record will remain open for you to provide additional input into the Plan. Written testimony will only be accepted and is due before Friday, September 15th at 9am. Send your input by email to MCP-Chair@mncppc-mc.org or by U.S. mail to M-NCPPC, Montgomery County Planning Board, 8787 Georgia Ave., Silver Spring, MD 20910

Parks Staff will be in attendance to present additional proposed revisions based on public comments and to listen and answer questions about the draft plan.

Visit ParkPlanning.org for Additional information about the plan, schedule, and public input, and links to the Board memo with the Worksession #2 Draft Plan.
