Energized Public Spaces (EPS) Design Guidelines

Public Comment Period Now Open

The public is encouraged to review and submit comments to the Energized Public Spaces (EPS) Design Guidelines Working Draft. This document is being developed to improve park planning and to ensure public access and inclusivity in all future park projects in high densely populated areas. Public comments submitted will be recorded and reviewed for the overall analysis of the EPS Design Guidelines which will supplement the Energized Public Spaces Functional Master Plan (EPS FMP).

The EPS Design Guidelines Working Draft will be presented at an upcoming work-session with the Planning Board starting on January 31, 2019. Please note, dates and times are subject to change. Visit the Montgomery County Planning Board Agenda web page closer to the date to confirm work-session. All public comments can be submitted through Montgomery Parks Open Town Hall webpage. Additional information about the EPS Design Guidelines Working Draft can be seen here.

To leave a comment on Open Town Hall- https://montgomeryparks.org/projects/public-input/#peak_democracy
